## PROJECTS

### Remote Externship - "Slopopedia"

A Wikipedia-style app with some networking features for low budget, poorly rated films which are often overlooked.

React | JavaScript | Tailwind | Storybook | Jira

### What To Wear?

An app to help you decide what to wear based on current weather conditions in your area.

React | JavaScript | HTML | CSS | API | Google Cloud

### I Can Hit That Far

An app to help you decide what club in your bag to use while out golfing.

React | JavaScript | HTML | CSS | Express

## WORK EXPERIENCE

**Lead Concierge**      Washington School House Hotel / 02.2023 - Present      Park City, UT

Leading a talented team of 10, guiding and training new staff to deliver world class experiences to anywhere from 10 to 30 guests at a time.

**Operation Support Specialist**      ATI Physical Therapy / 01.2022 - 01.2023      Salem, OR

Led 20 independent Physical Therapy sessions per week and collaborated on 40 ongoing patient care plans under the supervision of PTs and PTAs. Consistently scheduled 5-10 new patients weekly, ensuring seamless access to essential care.

**Personal Trainer**      Physiq Fitness / 12.2018 - 01.2022      Albany, OR

Empowered over 60 clients weekly on transformative fitness journeys, providing personalized nutritional guidance, crafting tailored exercise programs, managing appointments, and conducting regular client check-ins to help clients reach their fitness goals.
